

14th Annual Neuroscience Graduate Program
Student Symposium Schedule

Time	Details
9:00 am	Check In, Poster Setup, & Breakfast
9:20 am	Opening Remarks
9:45 am	Honored Guest Lecturer: Robert Edwards, M.D. <i>University of California, San Francisco</i> <i>Neurotransmitter Corelease</i>
10:40 am	Coffee Break
10:50 am	Poster Session A
12:00 am	Lunch
1:30 pm	Poster Session B
2:30 pm	Coffee Break
2:40 pm	Adam Lundquist <i>Exercise as a Treatment for Parkinson's Disease: The Role of Astrocytes in Circuit-Specific, Exercise-Induced Neuroplasticity</i>
3:10 pm	Amanda Rios <i>Closed-Loop Generative model for Continual Learning</i>
3:40 pm	Coffee Break
3:50 pm	Clarissa Liu <i>The Ventral Hippocampus Regulates Memory for the Spatial Location of Food via Lateral Septum Communication</i>
4:20 pm	Nora Benavidez <i>Network Architecture of the Mouse Superior Colliculus</i>
4:50 pm	Awards and Closing Remarks
5:15 pm	Reception and Happy Hour
